

APP935 - WIN IS PSP (SK-HLO)

PSP software used at the injection machine with box from sise comapny setting up the manufacturing parameters on molds. In addition to the standard controls, SISE has equipped its coff rets with new acquisition functions (SPC) to measure process performance and drifts using indicators based on mono- or multivariate management of and machine sensor signals. This new range provides process traceability over time with data storage and transmission to different users.
